NEW WATER CONSERVATION ORDINANCE:

On February 19th, 2008 the City Council adopted a new Water Conservation Rebate Program Ordinance for residents on the Shavano Park Water System to participate in to promote our support of water conservation.

Residents can participate in this program when replacing a high volume toilet with new low-flow toilet and when replacing a high use washing machine with a high efficiency machine (CEE rating – level 3 – 55 machines qualify).

The Shavano Creek and Bentley Manor, Willow Wood and Huntington residents are serviced by the San Antonio Water System and can participate in this program already set up through SAWS.

To qualify the following criteria must be met:

Toilets - A $50.00 credit on your water bill upon installation of a qualifying low-flow toilet

1) Limit two (2) per residential/commercial unit
2) Requires proof of purchase and inspection by City Inspector
3) Residents are responsible for disposal of the old toilet
4) Qualifying Low Flow Toilets shall meet standards set by San Antonio Water System

Washing Machine – A $100.00 credit on your water bill upon installation of a qualifying High Efficiency Washing Machine (CEE Level 3 criteria)

1) Limit of one (1) per residential/commercial unit
2) Qualifying High-Efficiency Washing Machine shall meet the standards set by the San Antonio Water System

If you would like to participate, please contact Peggy Stone in the Public Works Department at 492-2841. A form will need to be completed and submitted along with a copy of the receipts and she can take the information and get the paperwork process started.

This program applies to appliances and fixture purchased after February 19th, 2008.
